DAM, DIKES, PAVING, FIRE TRUCKS, PARKING, SMOKE CONTROL, ET TU

If conversation is doing a comeback on television, all the Warren borough council needs is a studio. It met Monday, and it talked Monday. Good talk, enquiring talk, and at least moving toward enlightenment.

Robert DeBell of Hill and Hill, engineers for Warren, reviewed the borough's efforts and studies concerning flood control, including the \$4 million price of dikes and dredging, and the series of circles through which we have been by way of Washington, Harrisburg, Gavin, and the river bank.

This could fill a column, but we have said every word of it many times and if you are a regular reader of these pages you will be relieved to learn that we are going to give you only the conclusion, which also is far from new. Hill and Hill urged council to take every step possible to bring about the best solution, which is, of course, the Allegheny reservoir.

Council also was urged to act by Bernard Gofberg, president of De-Lux Metal and vice chairman of the Warren Chamber of Commerce flood committee. He wanted something more than resolutions and reports. He suggested that council get off

of it and do something positive about implementing the best program for flood control.....which, as you know, is that dam again.

He waved a \$75,000 report made by a private engineering firm which was asked to study alternatives to the dam. The report says there is no better way. He also revealed he had paid \$5000 for a private engineering study, with the same results.....build the dam.

The Indians say they are for the best solution, said Mr. Gofberg. If that is true why are we not sitting down with them and attempting to stop their delaying tactics which will stall the dam another year. And failing in this, perhaps we have a legal avenue to collection of damages caused by their actions which do no more than postpone protection for people downstream, suggested Mr. Gofberg.

Mr. Gofberg wanted to know if council has a committee constantly working on the flood problem. He pointed out that the opposition has a paid lobbyist. He stated, we should forget our difficulties and differences of the past and work for the dam.

Harold Curtis of the Warren Concrete Products said, if we think the dam is the answer, why don't we employ a man to work for it. This was suggested after many councilmen had indicated by work or expression that none of them had time to work constantly at flood control.

Mr. Gofberg said he prefers a lawyer with tricks up his sleeve. If we are to counteract the Indians' efforts we must reveal to them that they are not being abused, they are being used. He invited council to

be represented at Chamber of Commerce flood committee meetings.

President Laskaris terminated the discussion by naming a committee to work in concert with the Chamber. Councilmen Emery, McElwain, Timm, Meacham, Merenick, and Torrance were named.

(And the man who for years has been saying in effect exactly what was stated by Mr. Gofberg, and probably is more informed on the flood and dam situation than any councilman present, namely, John Carbon, was ignored.)

* * *

1959 PAVING PROGRAM

Councilman Merenick proposed a paving program for 1959, with plans to be prepared by Hill and Hill and bids to be advertised. The streets are: Alexander st., from Conewango ave. to Edgewood st.; Eddy st., from Pennsylvania ave. to Allegheny ave.; Buchanan st., from Verbeck to Division st.; Myrtle st., from Division st. to Fifth ave.; Marion st., from Madison ave. to Pennsylvania ave., and repair or replacement of the storm sewer on Third ave. E. Cost, about \$75,000.

* * *

ENGINEERS EMPLOYED

Council voted to employ the Chester Engineers as consultants for the sewage disposal plant operation for the first year. They will serve until it is completed for nothing. Then the cost will be \$2700 a year. After the first year, however, the costs may be reduced to about \$600 and the borough engineer probably will serve as consultant.

* * *

ALL-NIGHT PARKING UNSOLVED

Councilman Patchen reported that his public safety committee could find no answer to the problem of finding parking for residents on paved streets who lack garages. They must move their cars during the night so that streets can be cleaned or snow-plowed.

He said the alternate side and alternate night idea had failed in some towns, such as Meadville. Cleaning only downtown streets also was not approved.

He claimed it would be unfair to allow people with space between

NO, NOT AGAIN! Heavy winds which struck the area Friday (in company with some snow) caused this roof to rise and crash off the back corner of the structure. The hangar, built across from Warren Airport by Alfred Petersen, was damaged a couple of years ago when the roof collapsed.

curb and sidewalk to use it while others lacking such space were denied such a privilege. (That one we fail to follow. It is tantamount to saying that people who have lot space for parking should be denied the use of it because others lack such an advantage.)

Councilman Carbon pressed for an answer to the problem. He pointed out that twenty-two miles of unpaved streets are plowed even though the cars are not forced to move. He also scored with the revelation that the all-night parking law was not enforced in December yet we cleaned much of our heaviest snow off the streets during those wintry days.

President Laskaris caught the subject where the skin is thin. We don't know how many have room on their lots for cars. He proposed a study.

(Why not place the responsibility where it belongs? On the man who buys a car. Most of them have enough lot to build at least a driveway. Others can find space elsewhere. Critical cases can be made exceptions. If you plow enough cars into the curb and leave enough dirt on covered streets the residents will find ways of getting off the streets.)

* * *

CONEWANGO AVE. PROBLEM

Because it is nearly impossible, unless both drivers are expert and the cars parked on both sides are close to the curb, to pass on Conewango ave., some have asked for one-side parking. Councilman Patchen's committee thought this

was unnecessary and so reported.

Councilman Carbon claimed it was a danger that should be eliminated and challenged the committee to show him how a fire truck could get through if a car were coming the other way. He reminded council that one-way traffic is in effect

on other streets, and even on Conewango from Pennsylvania to Fifth.

Councilman Timm supported him.

Councilman Langdon said if people drive carefully there would be no danger. (If people drove carefully council could reduce its police force and throw away the traffic code.)

Burgess Rice said a traffic study was long overdue.

The committee was asked to learn what one would cost.

* * *

PENSION CHANGES

Council approved the employment of the E. P. Higgins and Co., of Rouseville, to make an actuary study of the police pension fund and to advise council concerning changes which will conform with the law. The bill will be \$400.

* * *

AND SMOKE

Councilman Meacham wanted to know what has been done about smoke control in the Seventh Ward. The answer, of course, was nothing.

He suggested that the two violators be contacted to see what could be done. He said he would like to be present during such a meeting. Manager Geracimos said he already had visited one, but would be glad to go again if Mr. Meacham wanted to accompany him. Mr. Meacham agreed.

Solicitor Harper revealed there is a law before the state legislature which has a good chance of passing and will make it possible to control air pollution on a county-wide basis.

* * *

RESCUERS WANT BUILDING

The Warren Rescue Inc. asked council to lease it land east of the Fifth ave. bridge, on the south side of Fifth, for the purpose of constructing a building in which to house its truck, equipment, and training quarters.

The building would be fifty feet wide and forty feet deep. The request was referred to three committees, land, safety, and defense.

* * *

FIRE TRUCK

One bid for a new fire truck was received. The American LeFrance Co., of Elmira, bid \$20,990 for cash, \$21,941.24 if in three payments over two years. Council will meet Monday, at five, to act on the bid.

* * *

AND ALSO

Henry Lanman was named to fill out the late Jesse Smith's term in the Third Ward.....R. J. Reed was reappointed to the planning commission, and P. W. Yagge was renamed to the board of adjustment.....Lt. Bean was granted a military leave, from March 15 to 29.....Patrolman Robert Townley resigned.....

* * *

And Warren probably will adopt a fire prevention code at its next meeting. This will reduce its penalty rating.

Observations

By Bob Walsh

BLIND MAN'S BLUFF

If war comes within the next few months it will be due to errors on the part of our leaders in the past and Russians today. American officials have created untenable positions which make it almost impossible to deal with Russian narrowness.

One of our greatest dangers lies in the fact that Russian officials do not understand the meaning of democracy nor how democracies think. This is not a characteristic peculiar to communists, but is found in all of us. It is our inclination to judge others according to our own philosophy or as we believe we would think if we were in their position.

When we controlled the lead in atomic weapons the Russians believed that we were acting from strength and that we were very willing to fight if necessary. This

is exactly as they would have done. They, therefore, made no effort to challenge us with arms.

Today the Russians feel that they either lead us in weapons or are at least equal to us and are convinced that we will not fight under these circumstances. Our greatest danger lies in the possibility that Russia believes we are bluffing and will be willing to line up her soldiers and ballistic missiles with triggered fingers behind sights that are aimed in our direction.

With the possibility that our most powerful enemy is quite ready to fire upon us we find our position isolated in such situations as Quemoy and Western Berlin. If we retreat from these situations we lose face in the eyes of the world, and if we stay and fight we may have to do so in a way that also will lose us face.

We are not equipped for little wars but instead have reduced our forces and have armed them with nuclear weapons. Even though these are of small scale and are used on the battlefield level we will have been the first to fire a nuclear weapon and if it results in a chain of reaction that starts a major world war we probably will be blamed. We have allowed ourselves to be maneuvered into a spot from which we may be the losers no matter what the outcome of the battle is.

What Khrushchev and his boys do not appreciate is the true temper of Americans and of all democratic people. While we do not want war and in fact do much to avoid it, even to the extent of forming peace organizations within our various nations for the purpose of pledging never to engage in another major conflict, we can be pushed only so far and there always comes that point at which you no longer can take advantage of a democratic population.

We believe that the democracies either have reached that point of thinking or are not far away from it at the present time. In America most of us realize that the protection of an ocean, which on previous occasions allowed us to wait months and even years before joining our friends in wars that involved dictatorial efforts to dominate others, no longer isolates us and does not give us those precious months in which we can prepare our defenses. For this reason we are much more willing to take a firm stand in such vulnerable areas as Berlin and Quemoy.

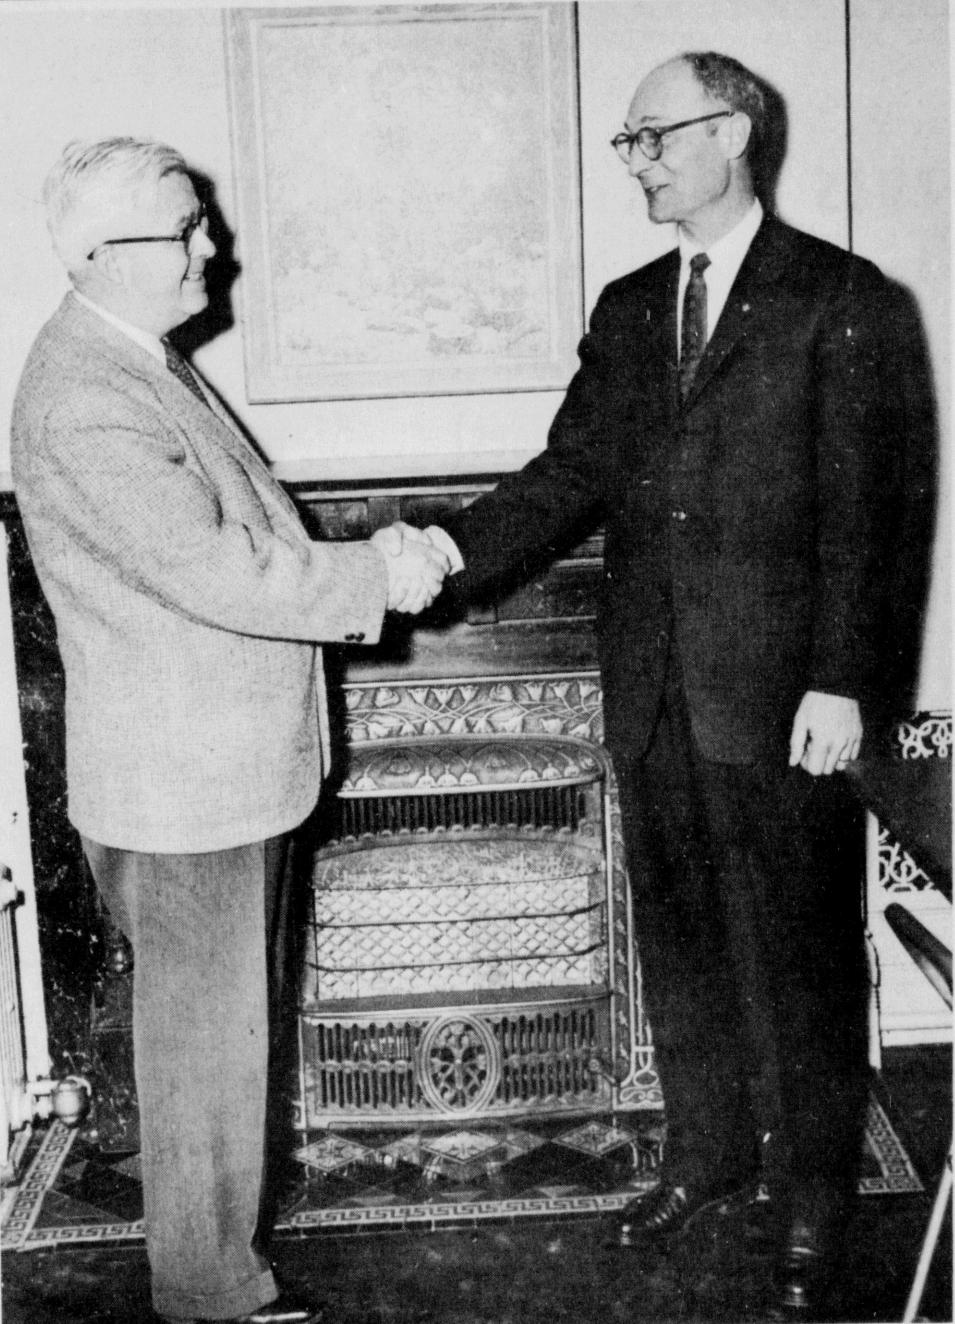

Proof of this can be found in our Korean policy which represented a completely new approach to world responsibility on our part. President Truman had the full backing of the vast majority in Washington at the time of the Korean action, and the same is true today in the case of President Eisenhower who finds both major parties behind him in whatever he may do to face down the Russians on the German front. The differences are limited to the measure of our ability to face the Russians.

We believe that most of us Americans today are ready to stand firm and to say that if there must be war let it be now when we are at least equal to the Russians in arms and while the conflict's center is as far away as Germany. We realize that if we give way and if the Russians continue to encroach on Europe and eliminate our positions there, meanwhile bringing their positions closer to us while constantly improving the range and accuracy of their weapons, we will be in far more danger than we are today. And though it may mean loss of life and the risk a major engagement we instinctively sense that we must hold our position before the threats and proclamations of dictators.

Though this may not be right thinking on our part and there may be among us many who believe it is very wrong, we suspect that it is the instinctive reaction of the general public. It is the temper of democracy which escapes Russian leaders and which could move them to action that will embroil the world in the worst conflict of history.

The danger, therefore, seems to lie in the possibility that Khrushchev will call what he considers a bluff and that we who are not bluffing are limited to small units of fighting forces equipped with nuclear weapons with which to make our stand. What can come out of such a distortion of international thinking as applied to untenable positions, and at a time which is that fatal twenty-odd years following the last conflagration, is not pretty to contemplate.

There are many who will find ironic justice in the situation which places the responsibility of decision on the shoulders of the man who had most to do with creating the impractical island of Berlin. With Sherman Adams and John Foster Dulles no longer at his elbow, President Eisenhower must now complete what he started as the commander of allied forces. We hope his vision has greatly improved.

NEW SCOUT EXECUTIVE. H. Bruce Ayars (r.), director of Exploring and Activities at Wilmington, Del., has been named new Boy Scout executive of the Chief Cornplanter Council. The 33-year-old executive, who has also been engaged as a district man in Philadelphia and Wilmington, will assume his new duties the middle of April. Council president Jim Blomquist is pictured with him.

He succeeds Elmer Morgan who leaves Warren the first of April to become executive of the Delaware Valley Council in Easton, Pa.

Mr. Ayars will reside here with his wife, Miriam, and their two children, Michael, 4, and Janine, 1.

MORE OF TOMORROW'S CAR

When we get going on tomorrow's car a column is far too small an avenue of expression. Last week we touched on aluminum motors and electric cars, but didn't get to the flying models. And this is not a dream.

Chrysler already has its flying model ready and the army will be testing them before this year is over, perhaps sometime this spring. By 1962 they should be available to the public.

They are similar to helicopters but are a bit different in principal. Aluminum again figures in the plans that make such a vehicle possible.

Though we can see great possibilities in such a car in our individual life, we are inclined to duck when we picture the air above as the public takes off for its Sunday tour. Man the life nets, batten the attic hatches, and pity the state police!

But think of the advantages offered emergency equipment in the form of ambulances, fire fighting para-

phernalia, disaster units, and doctors with stork appointments.

ALUMINUM ADVANTAGES

When we mention the major part aluminum will play in cars of tomorrow, including motors that now are being developed with this as its substance, some eye us with skepticism. The use of aluminum in motors means far more than lightening the block through the use of a lighter metal. It also will be a smaller motor.

Aluminum does not hold its heat as long and is more easily cooled than iron. This means that less space need be provided for cooling. It also means smaller radiators and other related equipment.

A smaller motor means less body space to house it, and again we save weight. The cars can be shortened without loss of leg room, and the motor area can be lowered.

Wheels also will be aluminized with a great saving in weight, and major portions of the body can be lightened with this metal, or with other material, such as plastics and fibre glass. Down goes all bills dealing with power.

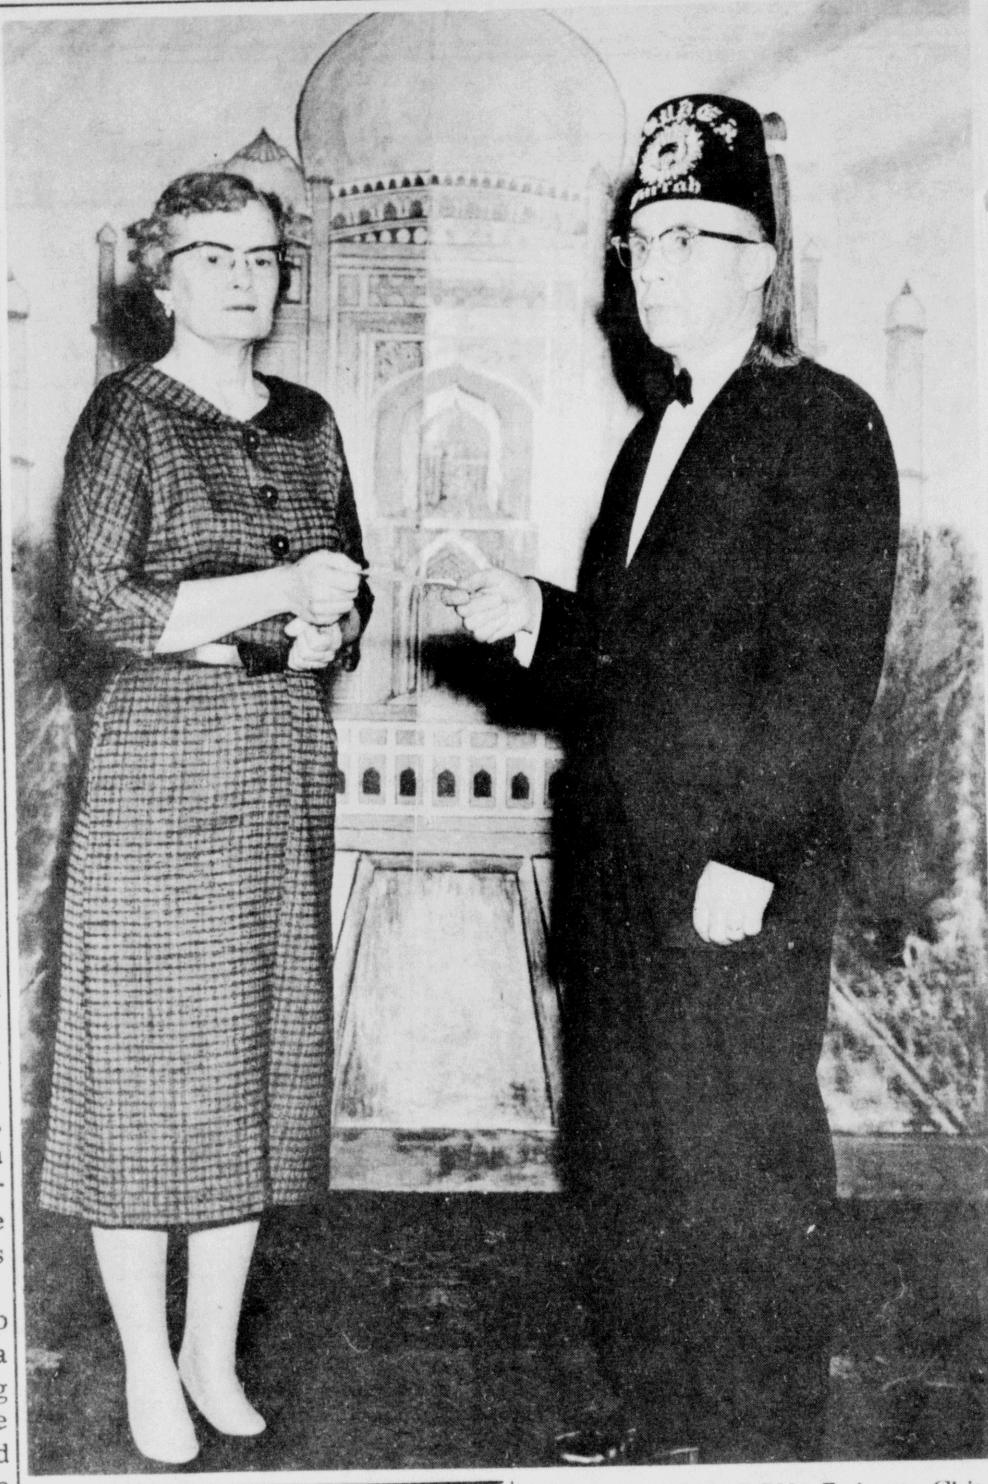

This saving will be tremendous. Every time your car starts at a light or from a stop street, power and gasoline are consumed in large quantities. On the hills weight is a major item.

All of this obviously teams up very neatly with electricity as a source of power and with flying cars. It doesn't necessarily make the gasoline producers happy, and if far less of this product is made you no doubt will see the price go up. But with the world supply of crude constantly playing a prominent role in man's maneuver for control of man, it would be very reassuring if we could make cars that would run for a century or two on what now rests under our own American soil. By that time gasoline will be antique as a source of motor power.

PUBLISHERS CHARGED WITH UNLAWFUL PROMOTION

Attacking promotional arrangements between the nation's largest newsstand chains and the publishers and distributors of many popular and widely circulated magazines, the Federal Trade Commission issued 13 separate complaints alleging violation of the antitrust laws.

American News Co. and its wholly-owned subsidiary, Union News Co., both of 131 Varick St., New York City, were charged (D. 7396) with coercing the supplier publishers, as well as attempting to coerce major cigar manufacturers, into paying unlawful promotional allowances which they "knew or should have known" were not offered

ed on proportionally equal terms to their competitors.

They allegedly use their economic power to force suppliers to grant discriminatory allowances; they threaten to and do stop buying from suppliers refusing their demands. This is an unfair method of competition prohibited by Sec. 5 of the FTC Act, the complaint contends.

The suppliers are charged with violating Sec. 2(d) of the Robinson-Patman Amendment to the Clayton Act by making these payments to Union News and others, but not making them equally available to all other competing customers. A further charge against the suppliers is that even among their favored customers the payments are proportionally unequal because they are negotiated on an individual basis. The suppliers are:

Select Magazines, Inc., McCall Corp., The Popular Science Publishing Co., The Reader's Digest Assn., Inc., Meredith Publishing Co., Inc., Street & Smith Publications, Inc., Time, Inc., The American Home Magazine Corp., Curtis Circulation Co., Cowles Magazines, Inc.

Esquire, Inc., New Yorker Magazine, Inc., Newsweek, Inc., United States News Publishing Corp., The Hearst Corp., MacFadden Publications, Inc., Fawcett Publications, Inc., Triangle Publications, Inc., Bayuk Cigars, Inc.

According to the complaints, Union News operates some 1,500 newsstands, mostly in important railroad stations, bus terminals, airports, hotels and office buildings. In 1957 it received from these publishers, directly or through their distributors, illegal payments ranging from \$2,600 by Triangle Publications to \$107,000 by the six publisher-owners of Select Magazines. In that year, it was paid about \$700,000 for promoting and selling various publications.

In 1956 and 1957, Union News was one of several favored retailers to whom Bayuk Cigars paid special display allowances for promoting its cigars, the complaint alleges.

Payments allegedly made by Bayuk to Union News but not offered on a proportionally equal basis to all other competitors are these: \$9,500 in 1956 for special promotional displays, and \$700 a month since 1957 for advertising Bayuk's cigars ("Phillies," "Webster" and many other well-known brands) on book matches.

PAST MONARCH Robert Chittester of the Warren Farrah Grotto, presents a check for \$250 to Mrs. Mary Dickerson, orthopedic nurse for the Warren County Crippled Children's committee.

The raising of funds for the research to aid Cerebral Palsy victims is a national venture of all the Grottos in this country. Such checks are presented by Farrah annually.

The full contribution this year was \$755, part of which went to the National fund. The other part is used locally in rehabilitation work.

In Brief

THE ANXIOUS GOLFER who has been sneaking a couple of swings with his driver as rays of sunshine peaked through the windows on occasions the past week, can crawl back in to his raccoon coat this morning.

The reason. Obvious. A blanket, blank five or so inches of snow and a shovel greeted him as he rubbed a hole in his ice-coated bedroom window.

CONFESSES. Dick Wood, 23-year-old school janitor, confessed after undergoing a lie detector test and questioning in Erie Monday night, that he set the fire in the elementary school at Youngsville on February 20.

The young man, who at the time reported the blaze and helped extinguish it, was arraigned before a justice and is now in Warren County jail.

STRONG EFFORTS to push construction of the proposed Kinzua Dam continued this week when members of the Chamber of Commerce flood control committee and a Borough Council delegation sat down to set up a program to create a firm community interest in the proceedings and work of the Allegheny River Reservoir Association.

An attempt will be made to meet with the Seneca Indians in an effort to eliminate the barrier existing there and also to meet with Dr. Maurice Goddard of the Dept. of Forests and Waters to express the concerted local interest.

ABOUT \$250 DAMAGE was caused when cars operated by Ruth E. Randinelli, Youngsville, and William Bevino, 210 McPherson st., collided at the intersection of Market and Pennsylvania ave. Tuesday. Both drivers claimed the green light.

JAILED. Paul Butler, 20, of North Warren, was sentenced to 29 days in jail Tuesday in default of paying his fine to a charge of cruelty to animals.

The young man operates the pet shop under the Unemployment office in Warren. Complaints were made to police that two pets were dead in their cages, and further investigation revealed that the animals had not been cared for since Friday.

A COURT OPINION handed down Monday stated that by law it is permissible for the sheriff and his deputy to also be engaged by the district attorney and paid for doing the work of county detectives. The issue had been raised by the county auditors who questioned the conflict in authority for one man handling both jobs.

IN DIVORCE COURT last week a divorce was granted Eleanor L. Nulph from Keith Nulph.

SCHEDULED to appear before Quarter Sessions Court at the Warren County Court House Friday are Nickolus Antonuccio, resisting an officer; Douglas Burke and William Hartzell, Jr., driving violation; and Leroy Bennett, larceny. Five non-support cases will also be heard.

SURPLUS FOOD will be issued in Warren County next Wednesday, March 18. Items listed are butter, cheese, milk, flour, corn meal and rice.

TRANSFERRED. Miss Elizabeth A. Prough, who has been assistant home economist in Warren County since last September, has been transferred to Honesdale. She will be assistant for Wayne County.

ADVICE issued recently by the post office regarding correct addresses in the telephone directory also applies to auto licenses. The post office is required to return licenses which are incorrectly or incompletely addressed, and this

could be inconvenient with the March 31 deadline closing in.

You are reminded a box number alone is not acceptable; it must also show the residence location, etc. And for rural route residents the R. D. number alone is not sufficient; where you live should also be listed.

STILL ON IS the local Red Cross drive for funds. The campaign quota for the Warren Chapter is \$28,127, of which \$18,750 represents the local quota, and \$9,377 is the National share.

If everyone gives sixteen cents extra over each dollar donated each year, this quota should be within range.

GIVE TODAY, WON'T YOU?

FOLLOWING THE ANNOUNCEMENT last week that Sylvania Electric had merged into General Telephone Corp., forming General Telephone and Electronics Corp., came word that Donald C. Power had been named chairman and Don G. Mitchell the president of the new firm.

CASES UNDER CARE of the Warren Visiting Nursing Assoc. number 67 at the end of February. The monthly report indicated six new cases for the month and 258 visitations by nurses.

WARREN COUNTY received \$1,711.32 for Civil Defense communications services from the state council's fifth distribution of the year. The funds were collected from the Federal government under the "matching funds" program.

OBJECTIVES AND AIMS of the Warren County Planning Commission were made known to supervisors and planning officials from Glade, Conewango, Pine Grove and Farmington townships, and Youngsville borough at a special meeting last week.

Members of the commission presented short talks on several phases under the chairmanship of James Kanner. The assembled officials realized the confronting problems and expressed their interest in the commission carrying out its work as soon as possible.

RETURNS FROM TRIP. Stuart J. Myers, Warren businessman, has returned from a two-week business trip to South America where he traveled to Georgetown, British Guiana, and Belem, Brazil.

MOVING from their Warren 400 Block location after the Easter Holiday will be the Toy Center, owned and operated by Ken and Caryl Peterson. They plan to relocate next to Kresge's in the store formerly occupied by Mays Store on Liberty st.

FOUR DRIVERS of Warren Concrete Products on Warren's West Side who have qualified for the "Safe Driver Award" of the Pennsylvania Manufacturers' Assoc. are Bernard F. Fasenmyer, Harold M. Foreman, Merle E. Faust and Boyd A. Wilson.

UNEMPLOYMENT COMPENSATION checks disbursed during the week ending Friday, March 6, totaled \$21,739 in Pennsylvania. The monetary value was \$8,998,914. This compares with the previous week's \$24,356 checks for a total of \$9,029,463.

SUPPORT of Senate Bill No. 211 which provides for non-partisan election of school directors, was strongly urged by the Pennsylvania Congress of Parents and Teachers at a district meeting held Saturday in Oil City.

COMMUNITY WELFARE contributions by Federal employees in Warren County are now under a group administration similar to the United plans conducted by the major

industrial and commercial employee welfare-fund organizations in the community.

A board of trustees, with Paul Sundheimer of the U. S. Forest Service as chairman, has been appointed by the organizing committee.

FORECAST BRIGHTER. Warren County employers have hinted there may be an up trend in employment, according to the Employment Security office.

The office also released that during the past 60 days the gain registered in the 48 firms consulted was 60, or nearly one per cent.

There were 1,000 persons receiving unemployment benefits during the last week in February. The corresponding dates in 1958 and 1957 showed 730 and 349 respectively.

OVER THE HALF-WAY MARK is the current campaign to add \$5,000 to the Permanent Endowment Fund of the Warren County Probation Assoc. The total reported to date in the fifth annual drive is \$2,957.66.

Contributions to this program can be sent to E. C. Rasmussen, treasurer of the probation association,

at the Warren National Bank, to the Warren Rotary Club, or to the Court House.

RETIRING April 1 as district plant engineer after 42 years of service with the Bell Telephone Co. will be William R. Boreman. He was honored by fellow employees at a dinner this past week end.

REQUEST SUPPORT. Members of the Warren State Hospital Local 469, American Federation of State, County and Municipal Employees "urge all citizens of Pennsylvania to write the governor and the legislative representative requesting their support of the progressive program proposed by the Pennsylvania State Employee's Council to place Pennsylvania State Employment on at least an equal basis as employment in other states, thereby providing Pennsylvania with a type of public service they deserve and are paying for through various state taxes".

COLLEGE CHATTER. On the fall semester dean's list at Grove City College was Robert Knapp, son of the Rev. and Mrs. R. C. Knapp, North Warren; Dorothy Lundahl, daughter of Mr. and Mrs. Elmer T. Lundahl, Warren; Jo Carol Davis, daughter of Mr. and Mrs. Max W. Davis, Youngsville; and Emory Edmiston, son of Mr. and Mrs. Foster Edmiston, Tiona.

Recently elected sergeant-at-arms of Delta Sigma Phi fraternity on the Thiel College campus was Ronald Sanden, son of Mr. and Mrs. Elvis Sanden, North Warren.

WARREN GENERAL HOSPITAL, in its continuing efforts to provide the latest equipment and service to its patients, has installed a new bulk liquid oxygen tank on its property just west of the hospital buildings. This bulk supply replaces a number of small tanks and provides

a two week supply of oxygen before refilling.

Hospital officials say that Warren General Hospital is one of the first hospitals in the area to install this new and safer method of supplying oxygen to its patients.

AMENDMENTS MADE TO PETITION ON PROTHONOTARY'S EXPENSES

Amendments to the petition filed by commissioners Blain Mead and Lewis Crippen to strike judgements of the reports of the Auditors of Warren County as to the accounts of the Prothonotary and Clerk of Courts of Warren County Ralph E. Sires for the fiscal years 1948 through 1955, and a petition requesting consideration to the possible disqualification of Judge Alexander C. Flick, Jr., to rule in the case were heard at a hearing Monday morning in the local court.

In the case of the latter, County Solicitor Richard Leuthold stated Judge Flick's testimony might be required in the court proceedings; that Judge Flick was the county solicitor during 1948-51; that Mr. Sires' legal counsel, Warren Stone, is a former law partner and a brother-in-law of Judge Flick.

Judge Elmer Evans, of the Sixth Judicial District in Erie, is considering the petition of disqualification and will rule on the matter in Warren County Court next Thursday.

Atty. Stone, at the opening of the hearing Monday, filed preliminary objections to the Commissioners' petition, stating the petition was not sufficient to strike judgement. Also that the petition had no validity in content with no legal fraud natural inferred and that no new audit was required.

In the original petition the commissioners named charged that during 1954 and 1955 over \$4,300 in expenses were improperly charged

to the operation of the Prothonotary's office and represented personal expenses incurred by the prothonotary.

On four occasions the amendments presented Monday indicated in detail that over \$620 of the amount represented car and floral expenses of Mr. Sires and members of his family.

Among other items of the original petition which were claimed improperly chargeable to the operation of the prothonotary's office was a \$150 contribution to the Republican Party, \$25 for filing fee, and over \$3551 as miscellaneous, petty cash, etc.

When the case was first presented to the court in January it was pointed out that the increase of expenses of the prothonotary's office in 1948 over the expenses of the former prothonotary's office in 1947 was \$3,031.48, or 231 per cent.

Also that a reaudit of the books in 1956 increased the amount received by the county from the office \$1,040.87 from an original amount of \$4,515.77.

It has been averred by the petitioner that such facts disclosed "a pattern of deception and trickery and concealment and present circumstances indicating and providing a natural inference of fraud and concealment upon the County of Warren by the Prothonotary and the several boards of County Auditors chargeable under the law with the auditing of the books of account of the Prothonotary for the years 1948 to 1955, inclusive".

MRS. J. B. CLINGER, 90, died Thursday, March 5, at the home of her daughter, Mrs. Marshall Bucklin, with whom she resided at 16 Jackson ave., Warren. Funeral services were held at the Peterson Funeral Home Saturday. Burial followed in the Neiltown, Pa., cemetery.

MRS. VIRGINIA E. SHAW, 83, of R. D. 2, Russell, died in Warren General hospital Thursday, March 5, of complications following a hip fracture received in a fall recently. Funeral services were conducted Sunday at the Templeton Funeral Home, and interment was made in Hale cemetery at Akeley.

JOSEPH A. STASWOISKI, 82, of R. D. 1, Youngsville, died suddenly Thursday, March 5, at the home of his son, Joseph M. Staswoiski, 125 Barker st., Jamestown, where he had been for the past three weeks. Funeral services were held Monday morning in St. Joseph's church, followed by interment in St. Joseph's cemetery.

WILLIAM M. HOUGHTON, 87, of 335 Mead ave., Corry, died at Corry Memorial Hospital Thursday, March 5. He formerly resided in Youngs-

ville and Garland. Funeral services were held Saturday in Corry.

ALFRED N. HEDSTRAND, 62, of 5 Cherry st., Warren, collapsed and died while on his way to a market near his home Sunday, March 8. Funeral services were held Wednesday at the Peterson Funeral Home. Interment took place in Oakland cemetery.

FRANK W. CHAFFEE, 85, of 1016 Chestnut st., Erie, former Warren resident and business man, died at his home Monday, March 9. Funeral services and interment were held Wednesday in Erie.

WALTER H. HARRISON died suddenly March 6 in Miami, Fla., and funeral services took place Tuesday in Chicago, with interment following in Acacia cemetery in that city. Survivors, besides his wife, include three daughters, Mrs. Elizabeth Siewert, Mrs. Harry Smith, and Mrs. Charles Pettibone of Warren.

MRS. LAURA MATHIS, 71, of 536 Crescent Park, died suddenly Monday, March 9, at the home of her daughter, Mrs. William Lord, in Washington Court House, Ohio, where she had gone for a short visit. Funeral services were held today (Thursday) at the Templeton Funeral Home, and interment followed in Smith's Corners cemetery.

MRS. J. D. (Florence) HINKLE, 53, R. D. 1, Warren, was instantly killed when the 1958 jeep station wagon, driven by her husband, was struck by a south bound PRR freight at the Putnam Eddy road intersection about five miles north east of Warren near Hemlock. Funeral services were held at the Templeton Funeral Home Tuesday, followed by interment in Warren County Memorial Park at Starbrick.

MRS. ANNA C. ARNOLD, 92, died Monday, March 9, at the home of her son, Paul, 14 Madison ave., Warren. Funeral services were held today at the Lutz-VerMilyea Funeral Home, followed by interment in Westview cemetery at Starbrick.

MRS. WILBERT F. YOUNG, of 397 W. Main st., Titusville, former Warren resident, died Sunday, March 8, in Cleveland Clinic Hospital. Funeral services were held today (Thursday) at First Methodist church in Titusville, with commitment following in Oakland mausoleum, Warren.

MISS LENA KOEBLEY, 510 Water st., Warren, died Tuesday, March 10. Funeral services will be held at 2:00 o'clock Saturday at the Lutz-VerMilyea Funeral Home. Interment will follow in Oakland cemetery.

MRS. MARY GRAHAM, 69, of 139 Railroad st., Clarendon, died at Warren General hospital Tuesday, March 10. Funeral services will be held at 9:00 a.m. Saturday in Holy Redeemer church. Interment will follow in St. Catherine's cemetery at Titusville.

MEN IN SERVICE. The Jamestown Navy Recruiter has announced that Robert H. Reynolds, son of Mr. and Mrs. Philip B. Reynolds, 216 Dartmouth st., Warren, and Robert E. Barbite, whose wife, Mary, resides at R. D. 2, Warren, have re-enlisted in the U. S. Navy.

Reynolds has reported to the Naval Recieving Station in Brooklyn for a future assignment, while Barbite is attending school at Great Lakes, Ill.

Serving aboard the aircraft carrier USS Franklin D. Roosevelt with the U. S. Sixth Fleet in the Mediterranean is Dean A. Foote, fireman apprentice, USN. He is the son of Mr. and Mrs. Albert Foote, Route 1, Warren.

A promotion to Marine Lance Corporal has been awarded Quay Strandburg, son of Mr. and Mrs. L. A. Strandburg, 123 Oak st., Warren. The advancement came while the Warren boy was serving as a field artillery fire controlman at the Marine Corps Schools, Quantico, Va.

WARREN COUNTY'S second fatal railroad crossing accident within two weeks happened shortly before 11 o'clock Saturday morning when a south bound Pennsylvania Railroad freight struck this Jeep station wagon at Putnam Eddy, north of Hemlock.

Killed in the crash was Mrs. Florence Hinkle, age 53, R. D. 1, Warren. Her husband, J. D. Hinkle, 60, driver of the vehicle, was taken

to Warren General Hospital for treatment of fractured ribs, lacerations about the body, and internal injuries.

An effort to make the steep and slippery grade leading from the family home to the highway apparently distracted Mr. Hinkle's attention from the approaching train.

Two men were killed at the Rouse Hospital crossing in Youngsville a short time ago.

AN OVERHEATED CHIMNEY sent firemen to the Charles Wetmore home at 2032 Pennsylvania ave., E., at 10 o'clock Saturday night, when flames started licking their way through a partition in the rear

of the house. Damage was estimated at \$1500.

A small flare up returned them to the scene Sunday morning.

Firemen also answered several other minor calls over the weekend.

A PASSING MOTORIST noticed this fire Friday and summoned Kinzua firemen who extinguished the flames before too much damage was

done. The shed is part of the Allegheny Gas Co. pump station near the Blair Home on the Warren-Kinzua rd.

ASIDES

(By Bob Walsh)

FRIGHTENING EXAMPLES

If the English as spoken by our nation is to improved we suggest that the television editors do a job of dressing up their performers and announcers. It does little good for teacher to drive home rules on "does" and "don't" while big name performers kick the verbs in all directions. Each word has its own meaning and there is no excuse for exchanging them.

Another word that is booted around the tv channels is "got". "Have gots" are on too many tongues for the wrong purpose.

Unfortunately some of the biggest of the glamor boys are guilty. Last week we heard Perry Como say, "That's him." And Bing Crosby came through with, "I sung some songs."

SALES TAX ADDITIONS

If the proposed state tax plan goes through you now will pay more on those items already taxed and there will be many additions. The amount of tax will jump to 3 1/2 per cent, a cute figure for the state's bookkeepers and counter girls.

In addition the sales tax will take in alcoholic beverages, car and appliance trade-ins, electric power, telephone service, restaurant meals between 10 cents and 50 cents, utility maintenance equipment and repair and service charges.

There also will be new taxes on soft drinks, tobacco products other than cigarettes, utilities gross receipts, underground gas storage, intangible personal property (six mills), bank shares (four mills). The gas storage rate is 1/2 of 1 per cent per 1,000.

The sales tax would go into effect April Fool's Day to minimize the current deficit. There also would be another cent on cigarettes to pay the Korean bonus.

SEWAGE NOT DEDUCTIBLE

If you are planning on counting your local sewage assessment as a tax for deduction from your income tax, forget it. Sewer assessments are not taxes in the eyes of the Internal Revenue Service. Assessments for street, sewer, sidewalk, and other like improvements are not deductible. They tend to increase the value of the property and are added to its cost.

However, that part of such charge as applies to income producing property is a deductible non-business expense.

PARKING SOLUTION

In Warren officials are faced with the problem of too many paved streets. To facilitate cleaning and snow plowing cars are not permitted on paved streets during the night. This means motorists must look for off-street facilities or dirt streets, if they don't own garages.

What is gained by forcing people to park on dirt streets to aid the snowplows escapes us, because the dirt streets also are plowed.

We doubt if this is a borough government problem. One of the responsibilities of buying a car is finding a place to put it. We do not need a survey to reveal that most homes in Warren have enough empty lot to accommodate several cars. Certainly a graveled driveway would serve as well as the street for parking purposes.

However, we suspect that the ultimate result will be the elimination of the all-night parking restriction. If owners can settle for plowed-in cars and dirty streets in front of their homes the borough's responsibility ends after it has plowed and brushed all available space left free of cars.

The real convincer will be the eventual need to spend thousands of dollars in order to truly enforce such an ordinance.

SIZE NO EXCUSE

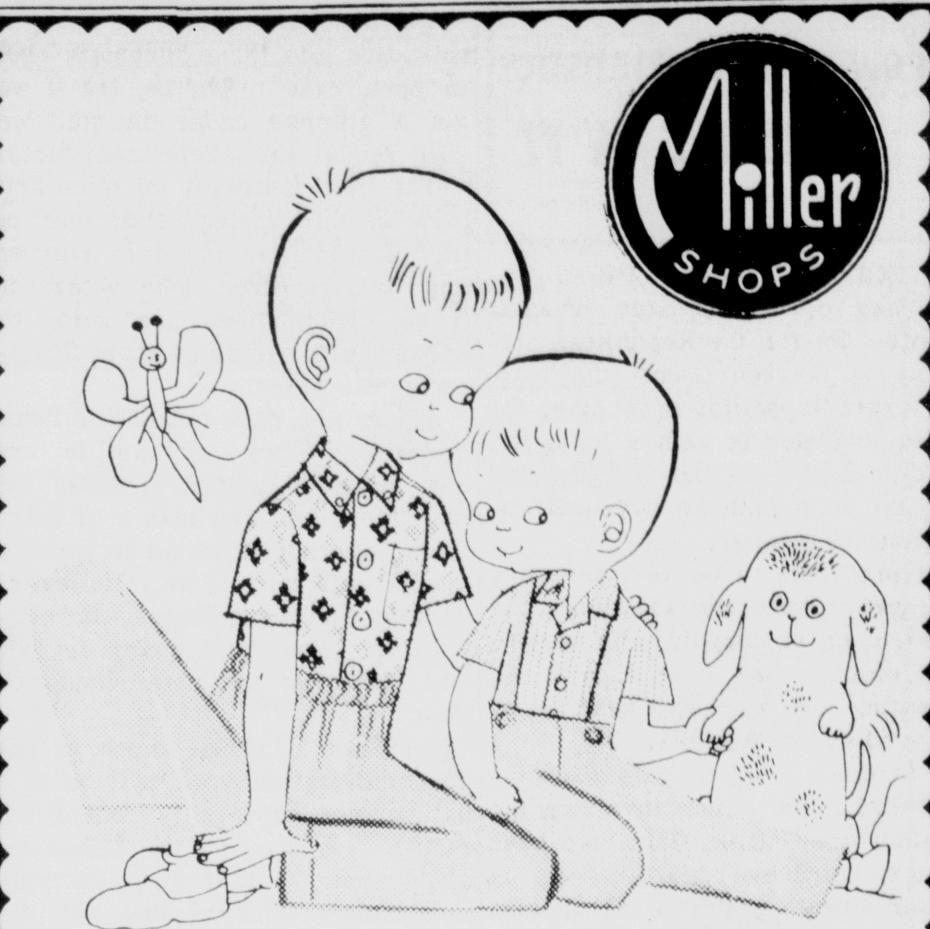

We have several schools in our state that are living examples of what can be done in sport despite limited populations. The school that uses its size as an alibi for poor teams is looking for an "out".

If the boys want to excel and work at it they will have good teams which will be a credit to their school. The trick is to make them want to excel.

Little Wampum has the answer. It can be proud of its perennial champs. And in Warren county little Sheffield always comes up to their pay.

with a toughy. Coach Ralph Santo doesn't need to play detective to condition his boys. If they aren't able to really move or have no wish to, there is just one place for them . . . the bench.

We can't imagine anyone wasting time in any pastime without attempting to do it well. But such is the case, and that is the difference between the successful teams and those that are just teams. Later in life it is the difference between the truly skilled craftsman or the executive and those who just draw.

The

POLITICS OF IT

ANYBODY NOT FOR OFFICE?

If any more candidates announce themselves for the Republican primary in Warren county they will be forced to solicit each other for votes in order to gain a majority. If this keeps up the bookies will set up shop and the boys will be running by number.

It promises to be an interesting primary, especially for those who want to be prothonotary or sheriff. The election has many aspects, all affecting the vote and none to be ignored by the hopefuls.

Not much is being said about the current court action involving the prothonotary office. This can have major political repercussions in either direction, and we will discuss some of its aspects when the primary picture really unfolds after the filing of petitions.

There is political advantage involved in the number of candidates. If the GOP party can pull itself together for the purpose of choosing a slate it should be able to nominate any candidate it wishes in such a large field. Any kind of major backing provided a man in this mass of division should assure him victory.

We do not presume to know at this date who those fortunate ones in each case might be, but if we get a glimpse under the quilt we will reveal the skeletonian facts.

The real astrayer of mice and men in this spring sortie may be the fluoridation issue in Warren and Youngsville. The voters in those communities are going to express their feelings about fluorinating the water.

Those who have fought this issue so strongly are very apt to turn out in large numbers, while the pro-fluorinates can take it or leave it and are not expected to make a special effort to vote. However, with so many candidates who necessarily also have many friends and relatives the vote should be high.

Our point is that much of the anti-fluoridation vote will be of a nature not supposedly controlled, though we have some skepticism about that. But if they are truly independent thinkers they will not vote for all the party-liners.

Of course this is true democracy and the kind of primary many have hoped for down through the years. The trouble is that they are not apt to get that for which they have hoped. We refer, of course, to real democracy, where the majority chooses the man.

With next Monday as the final day for filing we will be unsurprised if the list fattens even more over the week end. Our week of

pumping has spilled forth the following dope:

Down to the actual figures, the Republicans added on and the Democrats have started to come out in the open.

Robert E. Geiger, Warren, started circulating petitions this week and will be running against Gurney Ball, of Youngsville, for the Republican nomination for register and recorder in the November election. In the 1955 Primary race the young Warren civic leader was defeated by about 1000-vote margin by Ball. In the same field the Democrats have placed Vinton E. Finzer, of Russell.

Another interesting announcement made this week was by Warren G. Lowe, former superintendent of the Department of Highways here for 12 years. He becomes the fourth Republican to desire the nomination to run for prothonotary and clerk of courts. Others are incumbent Ralph E. Sires, Treasurer Robert Ritchie, Sheriff Larry Linder.

The Democratic candidate for this post had not been announced at this writing.

Another new announcement came from Sandy Secor, Sheffield, who becomes the fourth on the GOP ticket for sheriff. He will be running against Republicans Clayton Rhoades, Deputy Sheriff Don Allen, Jr., and Pat Ferrie. John Imperial is on the opposing ticket.

When deputy sheriff in 1955 Secor ran against Sheriff Linder and was defeated in the Primaries by about 800 votes.

One for each party is up for the treasurer's office, Burgess William E. Rice (R), and John Salomon (D).

There are almost two full houses in the race for the commissioner nomination. Republicans are Blain Mead and L. L. Johnson, the incumbents, Chris Yutze and Clarence Akeley. Seeking the Democratic nod are Lewis L. Crippen, incumbent, William Martin, Mark Summerson and Ervine Branch.

Other announcements as the deadline closes in are those of Thomas H. Conway (D) and Wilma J. Toner (R) for jury commissioner; Ralph Summerton (D), for auditor.

Three Democrats are now passing petitions for Warren Borough school board nominations. They are Mrs. David Potter, John Fanaritis and Wayne Delchambre. Already announced for the GOP are Melvin G. Keller, W. H. Cowden and Dr. A. J. O'Connor, incumbents, Richard Huber and Abe Schwartz.

In the Warren Borough picture a switch has been made in the revised first ward. James C. Torrance has decided to run for the seat, while John W. Newmaker definitely will not seek the post again. Both are Republican incumbents, as is W. Beyer Africa who is running again.

The second ward is now incorporated in the first; Glen J. Patchen (R), incumbent wants the third ward, with Mark Bevevino running for the Democrats; in the fourth Victor Graziano (D) and Gus Swick (R) have indicated positive interest; incumbent Leon Laskaris (R) has said yes in the fifth precinct.

Previously undecided W. D. McElwain (R), incumbent, has now said yes in the sixth, as has John Fago (D); Robert S. Gibb, Jr., (R), is a new face for the seventh ward and will be joined in the Primary election by Isadore Trager; incumbent Art Langdon (R) has changed his first announcement and will run in the eighth; Ray A. Marti is the new Republican in the ninth; and Dr. Ross Bryan (R) and John Schafer (D) are seeking to represent the new tenth ward.

CANDIDATES...

ROBERT E. GEIGER, prominent Warren County Young Republican and senior party member, has announced his candidacy for the office of register and recorder in the May Primary election.

A former president of the Warren Jaycees and past state officer, he served in the European Theater during World War II. Mr. Geiger was also instrumental in organizing the local Air Reserve Unit in Warren and has served as commander of the unit since its activation three years ago. He presently holds the rank of captain.

Married and the father of four children, he resides at 31 Buchanan St., Warren.

TIME TO PREPARE

If there is a bulge in your middle, rolls under your ribs and chin, and shortness in your breath you aren't ready for spring. Comes the garden, the tennis racquet, the golf course, the fly rod, the arrow, and far too much huffing and puffing.

March is our impatient month. Winter SHOULD be over and where is spring? It has been a long wait and few of us can accept the fact that warm days and dry ground can not be expected to be with us before April, and then there is no guarantee of consistency.

So why not use March for preparations? Getting ready is almost as much fun as the real thing, even as was the case last December when Christmas was in the making. Why not a night before spring when all who are weary, of winter, and snow, and things that seem dreary, rise up from their spines and reach for the floor, to be ready for fun when the sun comes once more?

You can take it from there, but there are baseballs in the air down south, the season will open early in April, and they have some new lawnmowers that will let you do almost anything outside the house while sitting down. If you don't mind a hot motor roasting your loins.

The golf clubs are wider in the face, punchier in the sole, and cost too much. And if the ball is as big as those white blobs we see on television there'll be bowling on the green this summer.

Warren still lacks a public course and we don't see the public doing anything about it. Back in 1888 they chased the cows off a Clarion county farm and built five holes. Then they added four more and today you will find there the oldest lay-out in Pennsylvania, near Foxburg, and providing a beautiful view of the Allegheny.

This month's issue of "Golf Digest" gives many Pennsylvania courses recognition in a vacation guide article which deals with Mid-Eastern States. Best known to us are the courses at Edinboro and Cambridge Springs. Also Sylvan Heights at New Castle, and Blackhawk at Beaver Falls.

Better golf ideas are coming from all directions. A big push is being given to the baseball grip. Several major players, including Wall and Rosberg, are using it, and many big names are endorsing it, such as Henry Cotton, Jack Burke, Jimmy Demaret, Johnny Revolta and Johnny Bulla. They say if they had it to do over again they would get all ten fingers on the club.

A baseball grip does not mean a baseball swing. It means that instead of over-lapping or inter-locking, you drop the right hand the width of your little finger and lay all fingers on the stick.

We suspect that the reason for this switch is the new realization that firmness is a major item in the golf swing, and that extreme cocking of the wrists is not the answer to long hitting. New ideas about the swing are making the ten-finger grip appropriate.

In tennis there still are two very basic needs. You must be able to win with your serve and you must have a volleying game. But with the courts seeing little change as to layout but an increasing use of harder surfaces, the perfection of a serve seems an absolute must.

And we suggest that limbering up for this can be done before the winds blow mild. If you can find a hard surface and a wall, or a handball court, get out the racquet and work for speed, stuff, and accuracy. That second serve should not be a let-up from the first. You should be so accurate that you can place at least four out of eight balls in the opponents service court. Given those odds, if your ball has anything, you are on your way to half the games.

We propose that gardeners withdraw their noses from the seed catalogs and their plotted drawings and give some time to the same danger that preceded the hunting season. Not all those who are carried from the woods are shot by bullets. They weren't in shape for mountain-climbing.

The public is invited, but to accommodate persons wishing to witness the production there will be admission by ticket only. They can be obtained at the Consistory office or by mail, Box 69, Coudersport, Pa. Only evening seats are available at the present.

A cast of over 150 persons and a chorus of 50 or more voices portray in words and music this story from the life of Christ.

Members of the play cast from Warren and the area are Lois G. Muir, Meredith J. Johnson, Lois A. Byham, Karl G. Timm, Marshall P. Johnsen, Henry O. Walker, F. Edward Hagberg, Elbert H. Miller, Lester E. Akeley, Henry E. Brooks, Milton L. Danielson and Charles F. Sellin.

**HOW Water Works****Did You Know . . . ?**

WATER IS BEING CANNED FOR RETAIL SALE. A METHOD HAS BEEN PERFECTED FOR SAFELY CANNING WATER IN STERILE FORM. IT IS USED BY THE ARMED FORCES, CAMPERS OR DISTRICTS THREATENED BY FLOODS OR OTHER DISASTERS, WHERE THE NORMAL WATER SUPPLY IS NOT AVAILABLE.

**HOW MUCH are YOU WORTH
at WATER RATES?**

Supposing you are an average weight woman (120 pounds) you would be worth \$32.90 according to canned water rates! But, at average Water System rates, you would be worth about ONE-HALF CENT! (.00½¢)

THIS IS NO REFLECTION ON EITHER YOU OR YOUR WATER SYSTEM. IT JUST PROVES THAT THIS VITAL SUBSTANCE, WATER, IS THE GREATEST BARGAIN MONEY CAN BUY!

NEW IDEAS FOR A NEW ERA

TE LA DI O

PULITZER PRIZES FOR TV? Dean Edward W. Barrett of the Columbia Graduate School of Journalism, which was founded by Joseph Pulitzer and which is closely linked to the Pulitzer awards, in a recent reply to NBC's Bob Sarnoff's query on the possibility of Pulitzer prizes for television offerings, had this to say: "I believe television's ability to attract the finest creative talent would be increased if it were possible for a TV drama to win America's most universally respected mark of creative excellence, a Pulitzer Prize."

Dean Barrett went on to say that such recognition would be in keeping with Joseph Pulitzer's conception of the prizes: "for the encouragement of public service, public morals, American literature and the advancement of education."

The request to consider the inclusion of original television plays, broadcast news and documentaries in the Pulitzer competition will be submitted to the Advisory Board on Pulitzer Prizes, which next meets April 24 at Columbia University.

WRITE A TRUTH MESSAGE

Crusade for Freedom is inviting all American citizens to write "Truth Messages" for broadcast over Radio Free Europe. WBEN and WBEN-TV are cooperating in helping spread the word to radio listeners and TV viewers in this area. Awaiting those whose messages are selected are six expense-paid trips to Germany to broadcast their winning entries and 200 Hallicrafters short-wave radios.

Complete the following statement in 25 additional words or less: "As an American I support Radio Free Europe because . . .", and mail your entry to Crusade for Freedom, Box 10-C, Mt. Vernon 10, N.Y., no later than March 31, 1959.

It is not necessary to include a contribution to the Crusade in order to be eligible for an award. However, if a donation of one dollar or more accompanies one of the six winning entries, the writer will be permitted to have a member of his family accompany him on the trip to Europe. Transistor radios will be received additionally by those who win short-wave sets. As many entries may be sent as wished, but each must be sent separately. No special entry blank is required.

FUTURE PROGRAMS

DAVID NIVEN ANTHOLOGY is a new film series beginning April 7 on NBC. With Niven as host, the series will dramatize stories of mystery, adventure, melodrama and romance. It will fill the half-hour Tuesday night spot being vacated by the "Californians" which moves to 9 p.m. the same evening, taking the place of the George Burns Show which is making a permanent exit.

DESLU PLAYHOUSE is guaranteed another year as its sponsors

kick in \$12 million to keep it on the Monday night spot.

TWILIGHT ZONE is the name given a half-hour weekly drama series which will be produced by Rod Serling, award-winning writer for Playhouse 90. The series will range in type from fact to fancy with a variety of themes.

DUPONT SHOW OF THE MONTH will present an adaptation of William Saroyan's prize-winning play "The Human Comedy", on CBS March 28, 9:30-11 p.m. On April 23, the DuPont Show of the Month will be "The Browning Version", adaptation of the Broadway play and Hollywood movie, 8-9:30 p.m.

HOUSTON RODEO, a new Western with "live" cowboys may be used by NBC as a summer replacement for Jefferson Drum. This would place it Thursday nights, 7:30-8 p.m.

GEORGE GOBEL and Lever Bros. are negotiating for a half-hour series next year, on either CBS or ABC. Plans call for the Gobel show to alternate with Jack Benny.

EASTER PROGRAMS being lined up by NBC include Easter Sunday devotional services from Christ Church in Cincinnati, O., 11 a.m. to 12 noon on March 29, a religious film "Holy Week" on Good Friday, 2:30-3 p.m., and another film, "The Easter Vigil", to be shown on Saturday, March 28, 1:30-2 p.m.

HALLMARK HALL OF FAME will present Helen Hayes and Lloyd Nolan in Eugene O'Neill's "Ah, Wilderness" on NBC Tuesday, April 28, 9:30-11 p.m.

PERRY COMO will star in the Kraft Music Hall on Wednesday nights, 9-10 p.m., for the next two seasons on the NBC-TV network. Como signed a \$25 million contract which covers programming, time, cost of production and guest stars. Roncom Productions, Como's producing firm, will present Como in 33 shows each season, plus one-hour summer replacement programs. Como's premiere will be Wednesday, Sept. 30.

TYRANNY, a filmed show which has been seen on British television, has been signed by WPIX-TV in New York and possibly will be seen later on other stations. It is a series of reminiscences of Adolph Hitler's sister and others closely associated with the Nazi dictator in his last days.

DIAL SPINNERS

FRIDAY

BOB HOPE SHOW, 8-9 p.m. on NBC stations, will have guest stars Julie London, Guy Mitchell, Gail Davis, Chuck Connors and Fess Parker. Hope will "quip from the hip" when he takes aim at some of TV's Westerns in this hour of merriment.

SATURDAY

PRESS AND THE PEOPLE, 12:30-1 p.m. on WKBW, will have Adlai Stevenson discussing the cold war with a panel of newsmen.

TRIAL AT TARA, a special program on St. Patrick, will be presented on WKBW at 1:30 p.m. This is a dramatic re-enactment of the victory of St. Patrick over paganism in ancient Erin on Easter Sunday, 433 A.D.

TEN FOR SURVIVAL at 2 p.m. on WJAC presents Program #7, "The Unseen Enemy", a documentary on fallout and the mechanics of nuclear explosions to enable viewers to understand and evaluate this threat.

TACTIC, a series of six public service programs seeking to examine the destructive disease of cancer with the objective of saving lives by correcting harmful attitudes and providing helpful information, begins today on WJAC at 2:30 p.m. The first program is entitled "Seventy-Five Thousand Chances To Live".

UNIVERSITY OF BUFFALO ROUND TABLE, WBEN at 7 p.m., will discuss "India and the Future".

SUNDAY

SUNDAY WORSHIP SERVICES, live, on WBEN at 11 a.m., direct from St. Simon's Episcopal Church, and on WKBW at 1:30 p.m. from University Methodist Church.

THE LAW AND YOU, WBEN at 2-2:30 p.m., concerns itself with "Wills" and shows the perils of drawing the do-it-yourself variety without the aid of an attorney.

TALK BACK, WBEN at 2:30 p.m., dramatizes "The Foul", a story dealing with the extent that fears influence our everyday decisions. A panel will discuss the questions raised following the film.

WISDOM, 2-2:30 p.m. on WJAC, will present "A Conversation With Robert Moses". The civic leader talks with Gilmore D. Clarke, landscape artist who designed the United Nations plaza.

WORLD OF IDEAS, 3:30 p.m. on WBEN, with Dr. Charles Frankel as host, has for its topic "Are Scientists Morally Responsible for the Applications of Science?"

CANISIUS FORUM, WKBW at 4-4:30 p.m., will have a program titled "Infrared-the Super Snooper". A panel of experts will discuss the new infrared type of scientific camera which has the power to examine and identify the specific atoms in a molecule and demonstrate the use of the small infrared machine.

OMNIBUS, 5-6 p.m. on NBC stations, will present "Forty-Five Minutes from Broadway", the celebrated musical comedy by George M. Cohan. The story, set in New Rochelle, N.Y., deals with events set off by the death of a millionaire, who apparently left no will.

SMALL WORLD, 6 p.m. on WBEN, will have Edward R. Murrow leading a conversation of the U.S. position throughout the world, especially in Asia. Guests will be George V. Allen, director of the U.S. Information Agency, Eugene Burdick, co-author of the currently best-selling book, "The Ugly American", and Arsenio Lacson, mayor of Manila.

20TH CENTURY, 6:30 p.m. on WBEN, presents "Burma Road and the Hump", story of the fabled Allied victory road in China-Burma-India during World War II, showing the action which took place and the flights over the Himalayas.

STEVE ALLEN SHOW will be seen for 90 minutes on NBC stations, 7:30-9 p.m. Space travel, American babies, popular TV shows and old-time radio will be lampooned in the Allen manner with a number of guest stars in addition to the show's regulars.

ED SULLIVAN, 8 p.m. on WBEN, presents a special St. Patrick's Day program featuring films of leading Irish entertainers plus live performances by several guest stars.

PUBLIC EVENTS

A REAL THRILLER . . . comes to the stage when Warren players present "A Murder Has Been Arranged" tonight (Thursday) and Friday. You still have time to make reservations for this production. The box office will be open each evening from 7 p.m. until curtain time, which is 8:30. Single admission is \$1.50.

John Savinski, director, chose this particular ghost play because of its originality. Written by Emlyn Williams, each of the nine characters is given an opportunity to create a real atmosphere of premonition, suspicion, chill and suspense.

See you at curtain time in the Woman's Club Auditorium.

LET'S CLEAN HOUSE . . . and see if we can find any usable items for the Jaycee Auction to be held in Beatty cafeteria Saturday, April 11. The Auction Committee, with Bob Brown as chairman, need usable furniture and other salable items for the auction, and will have trucks and men available on Saturday, April 4, to pick up all items donated. Arrangements for the pick-up can be made by calling 4435-J or 1170, giving your name, address and the item to be donated.

A top auctioneer from the area has been contacted and all persons attending the auction will be treated to a wonderful show, as well as having the opportunity to buy top notch articles at auction prices. Bidding starts at 1:00 p.m.

COME TO THE SLIDE FESTIVAL! . . . The show will be held at the Y. W. C. A. Thursday, March 19, starting at 8:00 p.m., and a cordial invitation is extended to the entire community to join in this unique entertainment. Prizes will be awarded and refreshments will be served. Judges for the event are Everett Stoke, Everett Borg and Louis Lind.

All camera and slide enthusiasts in the community and vicinity are asked to cooperate and enter their slides. The list of classifications is local scenes, distant scenes, children, animals, and flowers. Slides will be handled carefully and returned immediately after the show.

Have your slides in to the YWCA by Saturday, the 14th.

INDUSTRY ON PARADE . . . plans are progressing well, with about twenty exhibits participating to date. The third Warren County Industrial Fair will be held in Beatty cafeteria on April 3 and 4. Fair chairman is Mark Bevevino of the Warren Junior Chamber of Commerce who is sponsoring the event.

Preliminary plans call for opening the Fair at 6:30 p.m. on Friday, April 3, until 10:00 p.m., and from 2:00 to 5:00 p.m. Saturday.

FOR THE LADIES

THE W.S.C.S. . . . of First Methodist Church will meet at 8:00 p.m., Thursday, March 19, in Dunham Parlors. For the program, Miss Evelyn Curtis, director of religious education, will talk on "Christian Offensive for World Peace".

Hostess is the Robert Strawbridge Circle, with Mrs. M. L. Crump as chairman.

THE FINAL SEGMENT . . . of the series of "Old Masters of Modern Art" will be given by Mrs. Wallace H. Cowden at the meeting of the Woman's Club Art Department Monday, March 16. It is entitled "Bad Boy of Modern Art". Members will meet at 2:00 p.m. in the Woman's Club.

Miss Dorothy B. Newell will be social hostess for the occasion.

FIRST METHODIST CHURCH CIRCLES

The Susannah Wesley Circle will meet at 7:45 p.m., Tuesday, March 17, at the home of Mrs. Gerald Vesling, 105 Canton st. Mrs. G. R. Loree or Miss Frances Carlson may be called for transportation.

ALI-WE-JE CLUB . . . members will meet for their regular monthly dinner-meeting Thursday, March 19, starting at 6:00 p.m.

Mrs. Fern Olson, chairman, will present a historical sketch of the club in observance of its 45th anniversary, which will be June 9.

LADIES AUXILIARY . . . of the Starbrick Vol. Fire Department will meet at 8:00 p.m., Tuesday, March 17, in the fire hall. Members are reminded to complete the membership drive and make final reports at the meeting.

THE REGULAR MEETING . . . of the Pleasant Twp. Vol. Fire Dept. Auxiliary will be held at 8:00 p.m., Tuesday, March 17, in the fire hall. Following the business meeting, a social hour will be held.

A TUREEN DINNER . . . will precede the regular monthly meeting of St. Joseph's Altar Society Thursday, March 19, in St. Joseph's school basement. Dinner will be served at 6:30 p.m., with the business meeting to follow.

Members are to bring a tureen and table service. Mrs. Ruth Gerardi and her committee will furnish dessert.

At 8:30 p.m., following the business meeting, members will hear guest speaker, Dr. Raymond Lowe.

WARREN COUNTY SALON Eight and Forty . . . will meet at 8:00 p.m. Wednesday, March 18, in the home of Mrs. Hazel Witz, 107 Sixth ave.

AN EASTER PROGRAM . . . will be presented by Mrs. Alexander Flick at the meeting of Zonta Club Thursday, March 19. Members will meet at 8:00 p.m. in the home of Mrs. Helena Iseman.

Mrs. Grace Aberg is chairman, assisted by Miss Estelle Roswell.

THE PHILOMEL CLUB . . . of Warren will play hostess to the Mozart Club of Jamestown in their annual exchange program next Wednesday, March 18. Members will meet at 2:30 p.m. in the Philomel rooms of the Woman's Club.

Mrs. Ernest Schreck is chairman of the tea.

WOMEN'S AUXILIARY . . . to the Warren County Medical Society will gather at 2:00 p.m., Tuesday, March 17, in the Warren General hospital for the business meeting and hospital sewing. Following this session, members will attend dinner at 6:00 o'clock in the Penn-Laurel Motel.

Mrs. R. F. Otterbein is chairman, assisted by Mesdames R. A. Peters, R. E. Lowe, L. E. Chapman, R. H. Knapp, and G. L. Fino.

TEEN TOPICS

GUEST SPEAKER . . . at the Y-Teen Pre-Easter Chapel service in the YWCA at 7:00 Monday evening will be the Rev. Reed Hurst, of Warren. High and junior high students are invited to attend.

GENERAL

NATIONAL LIBRARY WEEK . . . will be observed in Warren April 12-18, and a full program is planned to insure public knowledge and participation. Sponsored by the Warren Public Library, National Library Week attempts to promote reading and use of the library.

The library's first event will actually be during the week end of April 3rd and 4th when they sponsor a booth in the Jaycee Industry on Parade Show to be held at Beatty cafeteria. Two open houses are scheduled at the library for the evenings of April 14 and 17, during which time the library staff and the Jaycee committee will be on hand to explain to visitors the library system and to sign up new borrowers. Arrangements for any club or group to visit the library may be made with Mrs. Georgia Coyle by calling the library at 1085.

The final event of the week-long program at the library will be the tea to be held on Saturday, April 18, for students in the county and area schools who are considering library work as a career.

PATRONS OF GOODWILL . . . may arrange to have trucks stop to collect at their homes by calling Marilou Anderegg, 3021. The regular collection of used materials for Buffalo Goodwill Industries will take place Monday, March 16, and is limited this month to homes in Warren and North Warren.

THE ADOPTIVE CHILD

The third in a series of three articles prepared by the Family Service and Children's Aid Society on ADOPTION.

In the first two articles on adoption practices of the Family Service and Children's Aid Society, we have considered the advantages to the natural mother and to the adoptive parents of dealing with an accredited agency. However, the chief concern of the agency worker must be the welfare of the adoptive child.

When a child is voluntarily released for adoption, he becomes the

responsibility of the Family Service and Children's Aid Society. The advantages of this procedure are numerous: the child will be observed by doctors and trained psychologists for mental or physical defects which might be apparent at birth. This observation affords protection both for the child and for the prospective parents. If weaknesses are discovered, the adoptive parents will know about them. These weaknesses have been fully discussed with them and they decide whether or not they are interested in the baby before he is placed in their home. If they do adopt him, they are prepared to love him fully without resentment, which might arise, if they had not known about his weakness previously.

Careful testing and observing of babies before placement by highly trained doctors and psychologists can avoid the heartbreaking experience of discovering mental or physical deficiencies after adoption.

The policy of the Family Service and Children's Aid Society is to place children in their adoptive homes before they are six months old - at the earliest possible age and still provide maximum protection for both child and prospective parents.

After the child has been carefully examined, the agency worker finds the home in which the individual child will be happiest. Matching of physical characteristics is not stressed unduly, but, if parents are available, who do resemble the adoptive child, the caseworker will try to place a child in a home where his coloring and size are close to those of the adoptive parents. Adoptions are never delayed to match parents and child physically, but, if it is possible, this, too, can contribute to the child's feeling of belonging.

The greatest protection that the Family Service and Children's Aid Society gives a child is the assurance of love. The desire to love a child for himself is the main requisite sought by the agency in prospective adoptive parents. The agency can offer the child a home where he will be loved fully and unselfishly.

The serious responsibility of placing children in adoptive homes can only be met by careful study of both children and prospective parents. By approaching with care and with skill the problems of all of the people involved in an adoption -- the unmarried mother, the adoptive parents and the adoptive child -- the approved agency, the Family Service and Children's Aid Society, with trained, experienced workers, assures to all the greatest measure of security and happiness.

NOTICE

Notice is hereby given that Articles of Incorporation were filed with the Department of State of the Commonwealth of Pennsylvania, at Harrisburg, Pennsylvania, on Monday the 9th day of March, 1959, for the purpose of obtaining a certificate of Incorporation of a proposed business corporation to be organized under the Business Corporation Law of the Commonwealth of Pennsylvania approved May 5, 1933, and its supplements and amendments.

- (1) The name of the proposed corporation is BLUEBERRY HILL GOLF DEVELOPMENT, INC.

NO SUBSTITUTE FOR TRUTH

Ann Arbor, Mich.

"Ghandi demonstrated the power of the spirit over material things," declared the narrator in a film on the University of Michigan Television's "Genius" series. "You could put his possessions into a shopping bag but he lived and died for the truth and therein lay his genius."

You might say that educational television has the same material weakness and spiritual strength Ghandi had. But educational television people don't always know where their strength and weakness lie. The most powerful educational TV shows I have seen here have been fairly simple declarations of truth -- and all you need for that is a human being who knows what he's talking about and a camera.

For instance, one film on the university's "Understanding Our World" series is on the unpalatable subject of the behavior of our prisoners of war in Korea. The record is bad -- very bad -- but no attempt is made to pretty it up. After all, the university doesn't have sponsors or ad agencies or Nielsen ratings to worry about or to placate. It can present the truth unvarnished. Frequently, the lack of varnish is enforced by the absence of money to buy varnish or production and this, too, is an asset -- even though it's hard to convince a producer that it is.

Every so often the bare bones of truth begin to pall on the producers and directors of educational TV. Then trouble looms. They begin to pretty up the truth with production, with music, with singing, and lighting and acting -- and pretty soon it doesn't resemble truth or entertainment or anything else. The most horrible example of this I know was the Bell Telephone Hour prettying up cosmic rays with cute dialogue and cartoons and sound effects to the point where anyone seeing it will never understand cosmic rays at all.

Michigan television has not done anything that bad but now and then production does rear its head. One on the "Genius" series was on Magellan -- "My name -- Magellan," cried the hero just like in "Dragon" -- which resembled an Abe Burrows parody on all documentaries. A guy with a guitar sang much of the narration, including what Magellan's ships carried in the hold -- "200 barrels of anchovies, 1,000 strings of onions, 800 pounds of raisins," sang the man.

Sometimes this ingenuity was striking. The Ghandi program opened with a shot of Ghandi's few possessions -- his spectacles and sandals and books. Over this picture was a simple moving account of Ghandi's assassination. In the long run, words are educational TV's greatest assets -- and they are inexpensive though precious.

While the rest of television is drowning in triviality, educational TV has another great asset which those in charge of it sometimes forget -- and that is the sheer importance of its subject matter. Here they have done massive ten-part studies of Russia and China. When the viewer has finished with

these, he is left with a very real sense of achievement, far more lasting and rewarding than any amount of entertainment.

There's no limit to what persevering young men can do with little but their own ingenuity. Besides television, Michigan has an educational radio station, WUOM, which is now preparing a series on journalism. Here again the power of words is striking. A man with a tape recorder hit the road and found practically everyone in journalism was not only willing to talk but practically impossible to shut up.

I listened to one of these on foreign correspondence and heard Eric Sevareid complain: "There isn't much point in having very able men scattered all over the world if the networks only use a minute or so a day on news programs. It's not enough to get the facts; space is needed to present them on the air and now the men don't have the opportunity." Said Howard K. Smith: "A reporter has to be better today. He hasn't got the trenchcoat glamour any more -- but scholarship is necessary." It was quite a hard-bitten honest roundup of expression from some of the most capable newsmen in the business.

The Brown University Glee Club and the Warren Barbershop Chorus will combine for a concert in Beatty Junior high school auditorium at 8 o'clock Thursday evening, April 2. The program is being sponsored by the local Barbershop Chapter, which will use the proceeds for the Barbershoppers' "Chicago Convention Transportation Fund".

The glee club, directed by David Laurent and Erich Kunzel, is presently on its spring tour. Of special interest is the fact Steve Coe (fourth from left in front row), a member of the Warren Chapter, SPEBSQSA, is singing with the Brown Glee Club.

In addition to the appearance of the Warren Chorus, "The Dominos" and "The Tunatics" quartets will also be heard.

Tickets for the show are available at the B & B Smoke Shop, Coe Paint Store, Mack's News Room, the United Cigar Store or from any Barbershopper.

DISTRICT 10 CAGE CHAMPS

Erie Strong Vincent, West Middlesex and Randolph captured the three District 10 basketball crowns during action last week end.

Erie Strong Vincent successfully defended its Class A title by whipping Titusville, 74 to 64, despite the efforts of Rocket ace George Dewey who scored 35 points. The Colonels wrapped up their second straight District 10 championship in the last two minutes of play when they spurted from a 60 to 60 deadlock to defeat Titusville. Hickok topped Strong Vincent with 17.

West Middlesex clipped Lawrence Park, 38 to 31, to claim the Class B championship of District 10 in a game which saw both teams below par. The West Middlesex win snapped a 19 game win streak for the Lawrence Park quintet.

The powerful Randolph Rockets captured their second straight Class C crown by dumping East Forest, 60 to 49. The win was the 17th in 24 games for the Randolph quintet who advanced to the semi-finals before being eliminated in the 1958 state championship tournament.

***** WIN DISTRICT 9 CROWN**

A small but determined Sheffield Wolverine team won the District 9, Class C basketball championship last Thursday by upsetting Sykesville, 51 to 47, at St. Mary's.

The youthful Sheffield quintet built a 45 to 28 lead at the end of three periods before they tired and Sykesville closed the gap in the final frame by scoring 19 points to the Wolverines' 6 markers.

Fred Benson topped Sheffield with 12 followed by Jim McNeal with 11 and Lee Hall with 10.

***** CHURCH LEAGUE - SENIORS**

Grace Methodist continued unbeaten in second half play by whipping First Baptist, 66 to 46, last Thursday night. Jeff Branch topped the winners with 17 and Dick Scalise led the Baptists with 24.

First Methodist stopped first half champion Clarendon Methodist, 58 to 52. Bevevino paced the winners with 22 and Lane was high for Clarendon with 20.

First Presbyterian edged Holy Redeemer, 49 to 47. Jim Miller topped Presbyterian with 17 and Prianio led Holy Redeemer with 11.

***** JUNIOR LEAGUE**

The Pistons stopped the Hawks, 38 to 32, in YMCA Junior League play last Thursday night. Don Wilson topped the Pistons with 14 and Doug Wilson led the Hawks with 20.

***** CAPTURES WRESTLING CROWN**

Senior Gail Page of the Warren High School wrestling team earned the District 10, 120 lb. wrestling championship with a decision win over Erie East's Dick Seelinger in the District 10 wrestling tournament at Erie last Saturday.

BEATY EIGHTH GRADE CHORUS

BEATY SEVENTH GRADE CHORUS

"THE BEATY VARIETIES OF '59" . . . will be presented Thursday and Friday, March 19th and 20th, in Beaty auditorium, starting at 7:30 p.m. The program for the annual Spring Show will be based on the months of the school year, such as a scene from the Snowball, a mock Honor Society induction ceremony, a spelling bee, and many others. The Beaty orchestra and choruses will participate, along with the rest of the cast. The show is under the direction of Mrs. Mereid Johnson.

Tickets are 50 cents and are on sale in the homerooms. They may be reserved for an extra 25 cents at either the box office in the lobby of Beaty or at the office.

The Warren grappler will compete in the western regional tournament at Altoona on Saturday for the right to wrestle in the state championship tournament at Penn State the following Saturday.

***** REVOLVER LEAGUE SHOTS**

The Warren Revolver League will compete in a four-club shoot in Curwensville this Sunday, March 15. The shooters will leave from the Court House at 10:30 a.m.

Leaders in last Monday night's shoot were, Class A, Mong, 254; Schmatz, 252, and Worley, 251; Class B, Mack, 252, Bielowski, 245, and Frederick, 242; Class C, Schuman, 236, Parr, 235, Kittner, 232, and Sandburg, 232.

A SUCCESSFUL Career Conference Night, attended by over 700 parents and students, was held Monday evening in the Warren high school under the auspices of the Jaycees.

This photo was taken at the general assembly preceding individual career conferences with qualified representatives.

In the foreground are (l. to r.) Rev. Donald Spencer, First Presbyterian Church; Joseph Passaro, principal of Warren high school; Dr. Albert W. Baisler, president of the Jamestown Community College who delivered the Keynote address; and William Clinger (standing), president of the Jaycees.

Chairman of the project was Robert Wolfe.

TRACK PRACTICE STARTS

The Warren High School track and field squad will hold their first practice session of the 1959 season in Beatty Gym at 3 p.m. tomorrow.

QUESTION PIAA PRACTICES

The manner in which the PIAA schedules its basketball playoff games may be probed by Pennsylvania lawmakers. The lawmakers are up in arms because the governing body for high school athletics in the state has failed to schedule any of its state basketball playoffs in the Farm Show Building in Harrisburg after \$100,000 was spent to make the building suitable for playoff contests.

The Class A state championship game is played in the Palestra in Philadelphia even though Philadelphia is outside the jurisdiction of the PIAA.

Many persons have long felt Harrisburg to be more suitable game site for the championship game because it is midway between the eastern and western contenders for the title. They also point out that the western team is at a distinct disadvantage when the game is played on the Palestra floor because the eastern representative usually has played some games on the court during their season while the western team has never been on the court before the state championship game.

The Industrial. Leaders in the Commercial were Bob Saporito, 615, Jack Kifer, 605, and Bunny Scalise, 238 and 600.

Chuck Strandburg paced the Junior Industrial with 602 and Jim Henry hit 243 and Lee Munch had 592 to top the Merchants.

ARCADE SPLINTERS

Frank Regina led Sylvania with 579, Ted Weatherbee topped the B Trews with 570, Bob Covell led the Shop with 544, George Barney paced Onoville with 480, and Walt Main was best in Metzger-Wright with 460.

MIXED ACTION

Ken Foreman recorded 255 and 645 and Janet Mellander hit 480 to top the 400 Block mixed circuit. The Friday Nighters were led by Ernie Wilson with 598 and Mary Lowe, 499.

JUNIOR KEGLERS

Rodney Rudolph led the Pop league at the Arcade with 203 and 539.

IN SKIRTS

Connie Strandburg topped women rollers by hitting 220 and 591 in the Ladies Minor. Leaders in the Ladies Major were Vi Sterling, 223 and 556, Neva Ladner, 542, Addie Akruh, 520 and Bertha Knupp, 502.

Red Walsh paced the Ladies City with 493, Betty Lyle led Peg's with 458, Marie Heald topped Ladies Class C with 453 and Letha Hamm was high in the Arcadettes with 441.

PIAA CHAMPIONS

Basketball championships of all the PIAA districts have been decided. Following are the crowned 1959 champions.

CLASS A--District 1, Chester; District 2, Old Forge; District 3, York; District 4, Shamokin; and District 5, Everett.

District 6, Altoona; District 7, Farrell; District 8, Pittsburgh S. Hills; District 9, DuBois; District 10, Erie Strong Vincent; District 11, Tamaqua.

CLASS B

District 1, Darby*; District 2, Westmoreland; District 3, Kutztown; District 4, Montoursville; District 5, Boswell; District 6, Gallitzin; District 7, Avonworth; District 9, Union Joint; District 10, West Middlesex; District 11, Weatherly; District 12, Montrose.

CLASS C

District 1, Jenkintown*; District 2, Wilkes-Barre Township; District 3, West Reading; District 4, Nescopeck; District 5, Hyndman*; District 6, Lily; District 9, SHEFFIELD; District 10, Randolph*; District 11, Jim Thorpe; and District 12, Moscow.

(* Denotes defending champion).

PLAYOFF ACTIVITY

CLASS A--DuBois (District 9) dumped Pittsburgh South Hills (District 8) 64 to 44 and Altoona (District 6) blasted Everett of District 5, 69 to 30, in western regional games.

Chester (District 1) defeated York (District 3) 57 to 46, in eastern regional activity.

CLASS B

In western regional play, West Middlesex (District 10) eliminated Union Joint (District 9) 61 to 43, and Gallitzin (District 6) took Boswell (District 5) 69 to 52.

CLASS C

Randolph (District 10) bumped SHEFFIELD (District 9) 46 to 37, and Lily (District 6) dumped Hyndman (District 5) 43 to 39, in western regional activity.

Jim Thorpe (District 11) defeated Jenkintown (District 1) 85 to 66, and Wilkes-Barre Township (District 2) nipped Nescopeck (District 12) 62 to 48.

PLAN SCANDIA GOLF COURSE

Preliminary plans for an 18-hole golf course in Elk Township near Scandia will be started tomorrow when a noted golf course architect will arrive here to aid two Warren area young men in their initial plans to construct a golf course on a 200 acre area in Elk Township which they plan to convert into an important resort and recreation area in Northwestern Pennsylvania.

Charles Irvin and Richard Campbell, developers of Blueberry Hill, plan to have the first nine holes of the golf course completed and ready

sliding, pitching the curve and change of pace, and catching and the catcher's other duties.

The series of weekly sessions will be climaxed when the Moose Club will show the youthful diamond aspirants movies of the 1958 World Series and treat the lads at a party.

The second session of the Hot Stove League umpire's school will be held immediately following tonight's training film.

MENTIONED ON STATE TEAMS

Northwestern Pennsylvania schoolboy cagers drew only honorable mention in the first all-state basketball selections released this week. On the basis of these selections it would appear that top flight basketball is not played in this corner of the state.

A glance backward at last year's state playoff records proves this to be a fallacy. The three champions of District 10 reached the state semi-finals before being eliminated and two of the District 10 teams were beaten by only small margins by the eventual state champions.

The three District 10 champs again this year are still unbeaten in playoff competition. Erie Strong Vincent, the Class A king, will meet Dubois of District 9 Saturday night for the right to play in the semi-final round and West Middlesex, the Class B champ, and Randolph, the Class C winner, already have earned berths in the semi-final rounds.

Those from this corner of the state given honorable mention in the all-state selections were: Nicky Creola, Warren; George Dewey, Titusville; Esker Smith, Erie Strong Vincent; Bob Lynch, Franklin; Rick Renwick, St. Marys; and John Fletcher and Don Hester, Punxsutawney.

TOURNEY TEAM

G. G. Greenes of the YMCA City League have added George Dewey, Titusville High School ace, and his teammate Ron Warner and Warren players Gail Nelson, Bob Wolfe and Don Baldensperger to their roster along with regular players Dave Fuellhart, Dick Terry and John Harrington for the Don Lundquist Memorial Basketball tournament to be played on the Warren YMCA floor next week.

CHURCH LEAGUE SENIORS

First Baptist dumped Holy Redeemer, 83 to 69, on Tuesday night. Dick Scalise burned the cords for 37 points and Kirt Lester hit 21 markers both for the Baptists. Blair Smoulder with 20 and Jim Depto with 16 led Holy Redeemer.

GIVE BLOOD!

OUTDOORS

SOUNDS OF SPRING

The week of the goose seems to be with us. The honking sound which comes hauntingly down from the dark above has been reported by several people who have been in quiet spots during recent evenings, and north fly the geese. Warm weather will follow, by how many weeks we would not care to hazard, but the sound is welcome and tells us that the winter has a busted back even if its claws still flail at us occasionally.

Down the river we hear reports of geese in the stream. And near the overhead just west of Warren a motorist reports a huge fleet of ducks harboring in the river.

The fields near here have been well filled with robins in recent days, though we suspect that most of them never saw much of the south. Many of these birds stay near food in sheltered corners of the north. Some right in Warren county.

We also have cardinals feeding in our neighborhood, but this has nothing to do with spring. Their scarlet feathers have been standing in sharp relief against the snow on many hungry winter mornings as they have visited area feed boxes.

But now they are busting their breast feathers with song and that is a difference we enjoy. It is another harbinger of pleasant days ahead.

BOUNTY VIOLATORS

Not so pleasant are the days ahead for Pennsylvania bounty hunters who don't play the game according to the law. Little tricks of the trade practiced by some who are hungry for a dollar include the use of owls and

foxes shot in other states, collecting bounties for foxes and owls held in captivity, pawning off pelts of unborn fox cubs, and other bits of chicanery.

Game wardens are receiving special training for the purpose of spotting these infractions. As a result, this past year bounty was disallowed on 232 gray foxes, 273 red foxes, and 14 great horned owls. The fines added up to \$1,475. Because of this tightening of the bounty belt, this year's fraudulent claims may not exceed 150.

The money so earned adds up to quite a total in a year's time. It was \$122,099 in the last fiscal year and involved 18,125 red foxes, 11,006 grays, and 1,115 great horned owls.

The disallowed claims saved the state \$2,090 in payments and added the fine total to the pot.

IN THE HOPPER

Some more of the bills proposed for consideration by the current legislature, and affecting those who hunt and fish, would have the following results:

Non-residents would receive one per cent of the antlerless deer licenses.

A hunter would be allowed only one antlerless deer license in three years.

Increase dog license to \$1.80 when it is obtained from the county treasurer and \$2 when purchased from the state.

Increase the number of special dog training area permits from six to eight.

Free fishing licenses to veterans who have lost one eye.

Prohibit use of chemicals by state highway workers if they kill trees, grasses, shrubs, and vines along the road.

Free fish and game licenses for institutionalized orphans under eighteen.

Pay not more than \$250 to a person for field produce damage caused by bears.

Provide fine of \$100 for shooting any firearm within 650 feet of a residence during big game season, and a fine of \$10 for shooting at unprotected targets and for shooting at random.

NATIONAL WILDLIFE WEEK 1959

Plans for the local observance of National Wildlife Week have been announced by Lewis (Bud) Jones, president of the Warren Field & Stream Club. Sportsmen's or con-

servation clubs, civic organizations and youth groups will take part in the March 15-21 observance, which this year stresses conservation in the schools.

Walt Disney, producer of the famed "True Life Adventure" nature movie series, is serving as national honorary chairman for Wildlife Week. Seth L. Myers of Sharon, Pa., is State Chairman and Bill Brooker has been appointed to head a committee directing local activities.

Mr. Brooker said that "the primary objective of the Wildlife Week campaign in Warren this year is to acquaint people, including educators and students, with the tremendous importance of adopting and applying the concepts of conservation to our everyday lives."

"America's wealth and prestige among nations is due to our once-bountiful natural resources such as fertile soil, plentiful supplies of water, great forests, extensive deposits of ore and abundant wildlife," he pointed out. "Wise use of these resources, often lavish and wasteful in the past, must be practiced in the future if our country is to continue as a world leader among free nations." Mr. Brooker also reminded that communism has been more successful in poor, impoverished areas where the people often do not have enough to eat than in richer countries.

"Our basic need for resource conservation is a logical concern of the school, particularly social studies, history, science and a number of other school subjects," he added, "and should be of interest to both youngsters and adults. It's vitally important," he said, "that conservation be made a part of the school experience of our children."

Mr. Brooker then outlined activities that will highlight the Wildlife Week program in Warren County.

National Wildlife Week has been sponsored annually since 1938 by the National Wildlife Federation and its state affiliates, including the Pa. Federation of Sportsman Clubs.

'PLAY BALL' IN 1959 WILL START SCRAMBLE OF 550 BOYS IN NEW LEAGUE

By Lewis Crippen

Several years of dreams, plans and organization will culminate this spring when 550 boys from Clarendon, Russell, Sheffield, Sugar Grove, and Youngsville open a season for 3 teams who will be playing 400 games and increase the influence of Hot Stove Baseball to the regions of Warren County outside of Warren borough. Baseball will be made easier for this small army of young people because a group of adults were willing to consecrate time and effort for the advancement of America's favorite sport.

Robert Lind, of Youngsville, one of the earliest supporters of a Warren County Hot Stove League, has been the guiding force as president and a great enthusiast. Jim Stanton, of Russell, is vice president. Ned Henry, of Clarendon, is treasurer. Loyd West, of Sugar Grove, is secretary. Leadership in the active communities has been provided by Dave Wright, of Sugar Grove, who will specialize in rules; Don Brown, of Russell, responsible for the equipment; and Art Olson, of Youngsville, who will make arrangements for the fields.

This program assumes multitudes of problems. It will cost approximately \$4,000 to field the teams the first year. Approximately \$2,700 will accumulate from the \$60 per team sponsor's fee, \$1 per boy membership, and nearly \$150 in adult memberships. The balance will be raised through community efforts such as the \$90 from a tag day in Youngsville last year and the assistance sought from civic organizations Sheffield and Clarendon.

In each succeeding year the cost would be only \$2,000 but in 1959 a total of 15 new teams must be completely outfitted. Two hundred new uniforms were purchased at a close-out sale for \$870 which was a savings of over \$300. In the meantime, the prices have increased 10% so the savings are even greater than first calculated. To further guarantee the best prices the committee has required that all equipment be purchased through bids and as many as eight concerns have participated in advancing prices.

Every one of the 400 scheduled games will start with a new baseball. These cost \$1.35 each which means a season's total of \$540. You may aid in helping to cover the ex-

penses by mailing contributions to Warren County Hot Stove League, Box 201, Warren, Pa.

The league will include all the age-group divisions: Bantams - 8 and 9 year olds; Midgets - 10 and 11 year olds; Cadets - 12 and 13 year olds; intermediates - 14 and 15 year olds; Juniors (in conjunction with the Warren City Hot Stove League) - 16 to 18 year olds. Since it will take a minimum of 30 players to form two teams in a community, all age-groups will have one team in each community and indications are that the following multiple teams will be possible: Youngsville - 3 Bantams and 3 Midgets. Sugar Grove - 2 Bantams and 2 Midgets. Sheffield - 3 Bantams, 3 Midgets, 2 Cadets, and 2 Intermediates. Russell - 2 Midgets.

It has not been determined yet if the league can be operated in two geographical divisions with playoffs for the County championships. Regardless of distances travelled for games, however, it will require a tremendous transportation problem which can only be relieved by the interest and generous support of local parents and friends of the players.

Every boy in Warren County should be able to play ball in 1959. Registrations will be held in April probably at the elementary and high schools. Equipment will be issued in early May with practicing starting immediately. The schedule will be written to begin in late May or early June.

Managers and umpires are desperately needed. A school in managing and umpiring is being sponsored by the League for the convenience of the adult volunteers but the services are needed even if the schooling can not be handled because of "not enough nights in the week". Those wishing to participate in this portion of the program should contact Ned Henry in Clarendon, Jim Stanton in Russell, Tom Kraft in Sheffield, Dave Wright in Sugar Grove, or Bob Lind in Youngsville.

Warren County's excellent record in the area of juvenile delinquency is probably partially the results of the youth activities. The new Warren County Hot Stove League will, no doubt, add its influence in this important field.

982-1082-970 - 3034

ROLL 3034 SERIES -- Anderson's Baking Company of the Men's City League rolled team games of 982, 1082 and 970 for a 3034 series in league action at the Penn Bowling Center on Monday night. Needless to say, the series total was a new league record as well as the 1082 single game score.

The five man team, pictured here, was Harry Wooster, 636, Dick Gordon, 599, Chick Wentworth, 635, John Randinelli, 543, and Myer Pappalardo, 621. Wooster was subbing for regular team member Harry Clepper.

SPORT ON TV

BOXING - Middleweights Wilfie Greaves, of Detroit, and Yama Bahama, of the Bahama Islands, will clash in a 10-round bout at New York's Madison Square Garden Friday night at 10 p.m., with NBC coverage on the Cavalcade of Sports hour.

Wednesday Night Fights on WKBW at 10 p.m. will feature on March 18 a 15-round featherweight championship contest between Hogan (Kid) Bassey, of Calabar, Nigeria, vs. Davey Moore, of Springfield, Ohio. The fight will be staged at Olympic Auditorium in Los Angeles.

BASKETBALL - National Invitation Tournament begins with an early-round contest televised at 4 p.m. Saturday from Madison Square Garden. A field of twelve teams is being selected for the NIT classic. The championship game will be played Saturday, March 21. NBC will cover both events.

NBA playoff games will be televised four Sundays; March 15, 22, 29 and April 5, and two Saturdays, March 28 and April 4. The March 15 clash will feature an Eastern Division semi-final event at 2:30 p.m., probably between second-place New York Knickerbockers and third-place Syracuse Nationals.

HOCKEY - The Hockey Game of the Week on WBEN Saturday at 2 p.m. matches the Detroit Red Wings vs. the Boston Bruins at Boston Gardens.
